Master Miao Tsan explores the synergy between mindfulness and the characteristics of successful leadership: awareness, self-discipline, responsibility, calmness in the face of challenge, critical thinking, and the ability to look at reality as it is. He will share insights and practical methods for calming and focusing your mind that lead to greater success and create the results you want.

“We possess a mind that is endowed with an unlimited power of creation...thoughts, emotions and feelings are simply tools.

It is up to us to use or be used by them.”

- Master Miao Tsan
